FRANCE AND ITALY ASK NAVAL RECOGNITION

FRANCE DEMANDS EQUAL RIGHTS WITH JAPAN ON NAVAL RATIO

Adoption Of World Naval Limitation Hinges On France And Italy.

ENGLAND WANTS SUBS BANNED

Italy Demands Equal Share In Capital Ships With France.

Washington, D. C., Dec. 16—France has definitely placed before the naval sub-committee of fifteen her demands for the right to 350,000 tons of capital ships, placing her on an equal footing with Japan.

Adoption of the world wide program for the limitation of naval armament now rests on the fixing of a suitable naval ratio for France and Italy, Secretary of State Hughes has made it clear in announcing that the United States. Great Britain and Japan have agreed to their respective reductions.

Italy has countered with a statement opposing this idea and suggesting a slash rather than more building and indicated her readiness to accept any reasonable figure assigned equal to that of France. She will be content to take a figure of 1.7 or thereabouts in the 5-5-3 ratio of America. Great Britain and Japan.

Coupled with the spectacular and disturbing demand of France came the notification today from Sir Arthur Balfour that Great Britain will ask for total abolition of submarines.

FIFTY FAMILIES DRIVEN TO STREET BY FIERCE FLAMES

Firemen's Lives Endangered When Roof Of Philadelphia Building Collapses. Damage Estimated $400,000

ORIGIN IS UNKNOWN

Philadelphia, Pa., Dec. 16.—Fifty families were driven to the streets in their night clothing and several firemen overcome and their lives endangered when fire destroyed Findlay-Acker building occupied by several small manufacturing concerns here today. Damage was estimated at $400,000.

The blaze, origin unknown, was very spectacular, flames shooting high in the air, great clouds of dense black smoke enveloping the district and sparks showering down on the central part of the city.

The lives of a number of firemen were endangered when the roof of the building caved.

Worry Cause Of Calif. Congressman Killing Himself

Washington, D. C Dec 16.—Worry over opposition in Congress to the building of a naval base at Alameda, Cal., strongly desired by the people of his district, caused the suicide here of Representative J. A. Elston, of California, the congressman's closest friends believe

Elston's body was found in the Potomac river here last night after the discovery of his overcoat and hat on the bank In the coat was a note stating that he was "in a chain of circumstances that spelled ruin"

France Plans To Declare German Nation Bankrupt

Semi-Official Statement Issued At Paris Gives Out Suggestions Briand May Make To Lloyd George At Coming London German Conference

Paris, France, Dec. 16.—France plans to throw Germany into bankruptcy, it was semi-officialy stated today.

At the London conference between Premier Lloyd George and Premier Briand, the following plan will be suggested by France.

1. The allies are to recognize the bankruptcy of Germany.
2. An Allied commission is to take charge of the German tax collection and assets just the same as in the case of a private bankrupt.
3. Printing of paper marks would be halted.
4. The Commission to control the customs, tobacco and coal monopolies.
5. The agreement would be binding under arrangements similar to the Wiesdaden agreement.

May Float Bonds In America

Washington, D. C., Dec. 16.—German notification to the Allies of her inability to meet in full the next reparation payment opened today the possibility of floatation of German bonds in America, providing the Allies guarantee them.

That Germany could realize $500,000,000 this way is the view of competent authorities on Allied German problems.

GOOD SAMARITAN ROLE COSTLY

Pittsburgh Man Stops To Aid "Injured" Person–Looks Into Gun Muzzle And Loses Roll.

NOW IN HOSPITAL

Hazelton, Pa., Dec. 16.—Playing the roll of "Good Samaritan" proved costly to Edward Gilfrod, aged 25, of iPttsburgh, who is lying in the Hazelton State Hospital in a serious condition.

Gilford, a salesman for a Pittsburg concern, was driving his auto toward McAdoo last night when his attention was attracted by what appeared to be a man lying in the gutter. He stopped his machine and rushed to the man's assistance but suddenly found himself looking in the muzzle of a gun the "injured" man held. He turned and found another man covering him from behind.

The two men bound and gaged Gilford, and relieved him of $400 in cash, and then drove away in his machine.

Ball Player Fires Shot Into Brain As Son Dies In Arms

Uhrichsville, O., Dec. 16.—John Lindsay, 28, well known local ball player, fired a bullet into his brain here five minutes after his son Richard, aged 3, died in his arms from burns. The boy's clothing caught fire from an open grate.

Lindsay's widow is prostrate with grief and is reported in a serious condition.

WAITS LONG TIME FOR REVENGE

Youth Charges Step-Father With Slaying Mother Twelve Years After Crime Occurs.

ACCUSED JAILED

Jersey City, N. J, Dec. 16—Twelve years ago when Harold FeFnner was 9 years old, his mother was killed by a blow on the head. Nothing was said of it at the time and the case was not even reported to the police, it being generally accepted as an accident.

Today Fenner went to court and swore out a warrant charging his step father Richard Townes, aged 55 with manslaughter. He alleged his step father struck the blow which caused his mothers' death.

"I saw him do it" said Fenner "But I waited twelve years until I was of age so that I could prosecute him myself.

Townes was jailed.

LOCAL RED CROSS OFFICIALS MET VET BUREAU AGENT

Representative Hodgens of the U S Veteran's Bureau was in Clearfield today and met representatives of the Clearfield Chapter American Red Cross and the American Legion to takeup the matter of compensation vocational training and U. S. hospitalization claims of ex-service men in this section.

The visit of Representative Hodgens is preliminary and preparatory to the coming of the cleanup squad which is scheduled for Feb. 1st and 2nd.

The duties of this cleanup squad will be to take up and dispose of by recommendation all claims of ex-service men for compensation, vocational training, etc. The squad is made up of all ex-service men and all have experts in the line assigned them.

Every ex-service man with a claim or grievance from any part of Clearfield County, except DuBois, Sandy, Brady, Union and Huston Townships, will be given opportunity to meet and present their claims to this squad at their meeting which will be held in the Court House, Feb. 1st and 2nd.

Representative Hodgens will meet the DuBois people tomorrow and prepare that section for the cleanup squad; coming

RATIFICATION OF IRISH TREATY IS EXPECTED TODAY

Griffith-Collins Faction Gains Strength As Dail Goes Into Session.

CHANGE IN TONE NOW NOTICED

Ulster Premier In London To Discuss Boundaries Of Pact.

London, Eng., Dec. 16.—The British Parliament tdday approved the peace treaty with Ireland, both the House of Lords and the House of Commons adopting addresses to King George specifically promising to ratify the Irish settlement.

A final formal vote will be taken in both Houses Monday.

Dublin, Ire, Dec. 16.—The Dail Eireann will ratify the Anglo-Irish peace treaty within twenty-four hours, followers of Michael Collins and Arthur Griffith, champions of the Free State, declared as the Irish Parliment convened today for its third secret session.

"The ranks of the "Die-Hards" are broken ,and now the way is paved for the sanction of the peace treaty by a big majority".

A change of tone in the proceedings came after midnight conference among the leaders. Up to this time DeValera had been rallying additional forces in his fight against ratification.

There has been a lull in the enthusiasm of the Collins-Griffith adherents, but as the Dail was called to order many predicted there would be only a short secret session before the public meeting to vote on action to be taken.

Craig in London

London, Eng, Dec. 16.—Premier Sir James Craig, of Ulster, arrived here today to further confer with Lloyd George on the Anglo-Irish treaty.

"I came incident to the boundary question, which is most important to Ulster" he said. "Without this feature I think the treaty might have been able to secure Ulster's approval"

KANSAS CAMPAIGN AGAINST 'AMAZON ARMY' UNDER WAY

600 Warrants Prepared For Arrest Of Leaders Of Red Pepper Throwers' Brigade In Coal Fields

WARRANTS ARE SERVED

Pittsburg, Kan., Dec. 16. —The state's campaign to disrupt the "Amazon Army" and put an end to rioting in the Southern Kansas coal fields was well started today.

On order of state authorities at Topeka, nearly 600 warrants were prepared last night by Attorney General Hopkins, Governor Allen's personal representative and C. A. Burnett, County Prosecutor, against leaders ofthe feminine army of red peper throwers who overran this county and put an end to coal mining operations.

The warrants charged assault and battery, rioting, disturbing the peace, and destruction of property. Early today six deputies, re-enforced by national guardsmen, left for Pittsburg Mulberry and Arma to begin serving the warrants.

AGED IRONMONGER DIES

Pittsburgh, Pa, Dec. 16.— John Bindlay, aged 76, chairman of the Board of Directors of the Pittsburgh Steel Company, died at his winter home at Cocoanut Grove, Florida, today, according to advices received here. Bindlay is one of the best iron and steel men in the country.

Mrs. R. D. Swoope motored over from Curwensville and poined the shoppers yesterday

ROTARIANS STAGE BIG MEETING HERE THURSDAY NIGHT

John C. Forsyth Donates Piece-de-Resistance For Fine Dinner.

ALLEN PIERCE MAKES ADDRESS

Tells Rotarians Items Of Interest Concerning Penn Public Plant.

The meeting of the Rotary Club at the Hotel Jordan last evening was attended by more than forty local Rotarians and their guests. One of the reasons for the outpouring was the fact that Rotarian John C. Forsyth, who conducts a "pig foundry" on his Kellytown farm had contributed one of Knox township's finest young porkers for the piece de resistance at the feed. The contribution was properly roasted and garnished by Mine Host Jordan, while every diner garnisheed a generous portion of Forsyth's piggie and, its trimmings.

President Woodrow Wilson was at the helm and opened hostilities by announcing that John Forsyth, Roy Boyce, Roy Hyde and Albert Stewart would sing a duet. Exceptions were at once taken to the President's adjective, but he insisted it would be a duet, as two of those called upon couldn't sing a lick. Following the effort all hands agreed that "duet" was nearly right.

Musical Director Jim Kerr introduced his new Rotarian songster, and many of the numbers therein were "executed" during the evening.

Lex Brown delivered a two minute talk on Rotary which was very enjoyable.

A Christmas seal fund collection was lifted from those members who were not present at the meeting last week.

Supt. Pierce Speaks on "Electricity"

Supt. Allen Pierce of the Penn Public Service Company, then delivered a twenty minute address on "Electricity and Its Application and Utilization Here." He spoke briefly of electricity and gave some interesting history concerning the first light plant in Clearfield, ending with a description of the Penn Public's mighty plant which supplies this section of the State with "juice" as well as Clearfield people with steam, heat and gas. He made a plea for better street lighting in Clearfield and promised heartiest cooperation from his company.

Following's Pierce's address Albert Stewart, a member of the recent Entertainment Committee, horned into the proceedings long enough to present a batch of songs contributed to his committee by different members, whose names they bore, and was given permission to inflict them on the diners. They made a hit with everybody but the alleged authors.

The recently elected members of the Club were then given a five minute instruction in the principles of Rotary by Singleton Bell and adjournment was had.

The guests at last night's meeting were Manager P L. Karnes, of the United Press Bureau at Pittsburgh, W. Eelhridge Brown, Cortez Bell and Prothonotary Geo. W. Ralston, of Clearfield.

PART OF WOMAN'S TORSO IS FOUND

New York, N. Y., Dec. 26.— The middle portion of a woman's body was found in a sewer at Long Island City early today and is believed to be a part of a woman's body found in a pond in a vacant lot in Brooklyn on October 22nd.

The head and body, including the arms were found at that time.

SPEEDING DRIVER CAUSES FLURRY

Runs Down Dog–Scatters Bunch Of Children –Narrowly Averts Injuring Little Lad.

BOY RUN DOWN

One of those man-killing speed demons who get all automobile drivers censured, roared up Daisy Street late yesterday afternoon threatening death and destruction to everything in his path. At Eleventh Street he ran over and immediately snuffed the life out of a dog attempting to get out of the way. A little further along Daisy Street he scattered a bunch of children like frightened sheep, one little lad escaping death by a mere eye winker. The lad just escaped the wheels of the machine but was so close to death that the wind from the fast flying machine knocked him down and bruised him up considerably.

Startled onlookers attempted to get the fellow's number but all theycould glimpse as he flashed by were the numerals "662".

That "bird" sure ought to be ferreted out and "soaked" good and hard.

AT IT AGAIN

New York, N. Y. Dec. 16.—The Detroit correspondent of the Dow Jones Financial Agency today sent the following dispatch to his organiation here:

"Ford Motor Co. closed its plant today. Will reopen probably Monday for three or four days operation preliminary to a shut down for the Christmas inventory. Unconfirmed rumorse given some credence in banking circles are that Ford prices will again be cut around January 1st.

Hunters Hang Up Their Rifles As Season Ends Thursday

The Mauk Springs hunting camp composed of Woodland hunters and Dr Mauk arrived home yesterday afternoon with four fine bucks to show for their two weeks in the woods.

The deer slayers were Charles Cowder, Guy Cowder, Albert Peters and they say Dr. Mauk.

A peculiar condition has arisn in the Goshen Camp country.

It appears that every year when the deer season opens and the bucks begin "biting the dust' in the mountains contiguous or adjacent to the Goshen Club's holdings, the wisest old bucks, who have played the game many a year, beat it at once for the thickets and ridges where the Goshen boys only hunt.

So many bucks have been taking advantage of the immunity from slaughter when they reach that place of safety that it has been reported of the game protectors by farmer Harrison Straw, who lives nearby, that there are at least fifteen or twenty bucks in the woods there so old and infirm, by reason of their long existence there-abouts that they are in need of the services of a veterinary.

Secretary Gordan of the Game Commission it is said has ordered Game Keeper Rearick to go from Kennedy Park Reserve with his tools and catch the tame old fellows and 'float' their teeth, while rasping and paring down their hoofs, which have grown so long from lack of use that the poor old fellows will not be able to get around during the coming winter without out such help.

Rearick expects to have the assistance of Dr. Cowdrick, JJohn H. Moore and Dean Read, of the Goshen Camp in his roundup, as it is said these old bucks knowing how harmless this committee is in the woods, follow them about wherever they go like a lot of sheep. Zeke Hoover refuses to go along.

LODGES BACK SALE OF CHRISTMAS SEALS THIS YEAR

Many Letters Commending Sale Of Seals To Combat Tuberculosis Are Received By Officials Here.

LODGES BUY MORE SEALS

Clearfield Lodges are endorsing and supporting the Seal Sale. Early in December, the Rotary Club endorsed the Seal Sale, unanimously agreeing to use the Christmas Seals on their mailing.

A letter received from the secretary of Fraternal Order of Eagles said, "We heartily commend your work."

The Legion gives the following endorsement:

"The John Lewis Shade Post No. 6 of Clearfield, Pa., approve and endorse the Christmas Seals, the proceeds of which are used for the prevention and care of Tuberculosis in Pennsylvania, and recommend to its members the purchase and use of the seals."

From the Clearfield Lodge, F. & A. M. comes the word that the lodge can not donate Lodge funds toward any organization, no matter how worthy the cause, but that charity work is handled through a committee and gives only individually, [illegible] the Christmas Seal and [illegible] work in the following paragraph, quoted from a letter from the secretary.

"Clearfield Lodge, as a whole is heartily in sympathy with the movement and I believe you will and your letter will bring results from the individual membership as the sentiment was to subscribe as liberally as possible in an individual way."

The writer enclosed a personal subscription.

The following Lodges made donations [illegible] purchased Seals for their official mail.

ODDS AND ENDS AND THINGS

By "Skinney"

A veritable happy hunting ground for Pennsylvania sportsmen is to be established along the banks of the picturesque Allegheny River. W. B. Greeley Chief of the forest service of the Department of Agriculture, tell us how the immense tract of 412,000 acres in Pennsylvania which is to become a national forest, will within a few years be teeming with deer, grouse and small game and the streams with game fish. It was a vision designed to stimulate that outdoor urge in every true disciple of rod and gun.

Plans for the new national forest, designed primarily to minimize danger of destructive floods in the Allegheny River became known recently when it was announced federal officials had approved purchase of 412,000 acres in Warren, McKean, Forest and Elk Counties to be known as the Allegheny National Forest. Floods along the river have caused millions of dollars worth of damage in the past. By restocking and perpetuating the forest areas in the watershed it is believed the danger of erosion and flood will be materially lessened.

Word comes from a western town telling why the editor of the local paper found it necessary to leave suddenly for parts unknown. The following is the story he printed just before he departure:

"The Reod Cross concert given last night by sixteen of our beautiful young ladies was highly appreciated They sang in a charming manner, winning the plaudits of the audience, who pronounced them the finest group of Shothorns in the country. A few of them are rich brown in color, but the majority are spotted red and white. Several of the heifers are fine bodied, ight limbed animals and promise to prove good property."

Police of Walnut Ridge, Ark., were today searching for the moonshiner who advertised his brand.
The following advertisement was picked up here:

"Pure Cache river korn likker, bottled in barn; made in the backwoods of the river of eastern Arkansas by an old-time blockader that don't give a damn for prohibition; retailed on the Walnut Ridge market by all highclass bottleggers for 5 bones a pint and worth every cent of it; guaranteed to be strong enough to make you drunk as the devil in ten minutes and mean enough to make a baby bullfrog spit in a whales face; shake well and get ready to have a fit before drinking."

Many a man's trobules never end when he gets married; they just begin. Listen to the complaint made by a recent divorce applicant: The poor devil says: "After our marriage my wife's affections waned. She said I was too old for her," and then added "you poor fish, how did I ever fall for the likes of you I fall for you with a face like that. I deserve what I got. You are too old for me. You are all in."

Wasn't she the sarcastic ould divvil?

A BUSINESS STIMULATOR

The announcement from Washington yesterday that the easury Department was preparing plans to go ahead with ditional construction work on various governmental hospi-ls which would total $14,762,000 may have been received ith glee in some ranks, particularly among the building con-actors, but it promises little relief this winter to the unem-oyment condition.

It is true, however, that the influx of orders for building aterial that will result from the placing of these building acts for work to be done next year gives them some promise ades industry on a better footing.

In the same measure it is true regarding road building ork. There were thousands of men thrown out of jobs when ad building was suspended last month, and of course these en have to be taken care of in the general unemployment rveys now current. However, the letting of further con-acts for worke to be done next year gives them some promise relief from idleness after the worst of winter has blown er, but their immediate and pressing problem now is to get ough work to tide them over until that time comes.

Truly the country is now going through the darkest of its nployment smoke screen. When industrial breezes are thor-hly stirred up and business starts its efforts in the right rection, then, and only then, can the laboring man look for s own prosperity. At present he is a victim of circumstances d must get down to bed rock and dig for himself if he is to ll through without a great financial weight hanging from his ck.

YOUR SIDE—AND HIS

Owners of forest land in the adjacent hills have com-ained, and justly too it would seem, in the past, of the prac-e of many who go into the hills just before Christmas armed th hatchet, saw or axe, to bring in a Christmas tree.

Many of these owners claim they would not oppose the tting of one tree to a family, but that in many instances ter a person had cut one small tree, they would see another at better suited their fancy, discard the first one cut and rner to themselves another.

In other instances they cited the fact that trees were pped, stunting their growth, and otherwise damaging them as to do away with any future value.

It is for this reason and this one only, they claim, that any of the owners are posting their lands this year forbid-ng the cutting of Christmas trees.

The hunting season closed in Pennsylvania last night with e setting of the sun, or at least it closed so far as the half illion nimrods who took to field and forest in pursuit of deer, ar and rabbit, are concerned.

Clearfield county has long maintained a record as a spot delight the heart of the hunter and this year the record as unsullied. In view of the fact that so many Nimrods were road here this fall, it is exceptionally gratifying to take a ance over the list of hunting casualties recorded in Clearfield unty this season and note the fewness of their numbers.

The new game law's provision that hunters can slay only icks with at least a four-inch spike, has undoubtedly been great value in keeping down the death list this season, both man and beast.

Financial Connections

Strong financial connections are important to the man who takes any part in commercial life.

If you desire to make any change or open an account, we will consider it a favor to have you talk it over with us.

The Clearfield Trust Company is a growing one and we are placing the names of many new customers on our books.

The Clearfield Trust Co.

THE IRENE STOLOFSKY COMPANY.

Irene Stolofsky, violinist, has been proclaimed by Hugh Dimond, one-time concert master of the Chicago Symphony Orchestra, as one of the real musical sensations of the present generation.

Miss Stolofsky plays with a masterly touch, with a strength and virility much like a man's, but with an art that puts into her rendition the delicacy only obtained by a woman. She is capable of giving not only the great sonatas and concertos, but also is gifted in the presentation of the smaller and frequently the more popular numbers. As one newspaper critic remarked: "Classical music is played deftly by Miss Stolofsky, but it is when, in encores, she gives the old familiar numbers that she steals into the inner recesses of one's soul."

On her concert tour during the coming season Miss Stolofsky is to be ably

IRENE STOLOFSKY.

supported by Grace Johnson Konold, soprano. This student of Jean de Reszke in Paris and Oscar Saenger in New York City is an artist who might well be featured alone as a concert singer. When she presents such numbers as Grieg's "Sunshine Song," "Will o' the Wisp" by Spross and Henschel's "Spring Song," her art is just as effective as when she sings with remarkable powers of interpretation such difficult arias as "Caro Nome" from "Rigoletto" and the famous "Bell Song" from "Lakme."

An accomplished accompanist, who is also a piano soloist, will complete the company.

STATE FOREST BOND ISSUE IS APPROVED BY STATE GRANGE

Harrisburg, Pa., Dec. 15.—A State bond issue of $25,00,000 to buy 5,000,000 acres of waste mountain land for forest purposes in Pennsylvania has the support of the Grange. The project was approved at the annual meeting on the recommendation of the Grange Committee or Conservation, headed by Gifford Pinchot, the State Forester.

Approval was given also to the plan of the Department of Forestry for an appropriation of $1,000,000 for fire prevention and extinction, to be made by the next Legislature. In his report Forester Pinchot said:

"The State Forests of Pennsylvania can be made to pay the school bill of the State. If the 5,000,000 acres of the Pennsylvania Desert can be purchased and set to work growing trees, not only will the $25,000,000 of the bond issue necessary to buy it be repaid, principal and interest, within a reasonable time by the growth of the forests, but a net annual revenue will be produced large enough to carry the whole burden of State taxes for school purposes for every tax payer in the State.

"The forest lands of the State, under proper care and protection will grow at least one cord of wood per acre per annum. If the trees on the land which the State should own were cut when they reached the age of fifty years there would be a yearly total of $36,900,000. If cut at the age of seventy-five years, there would be a yearly income of $45,240,000, and if cut at the age of one hundred years, the annual total would be $45,240,000."

AND IT'S SOME TALK

WHEN you want just pure, golden singing beauty of tone, *it's the trombone that will give it.*

And if it's jazz—Oh, Boy, when you get to fooling with the slide you can make a "slip-horn" *talk!*

Versatile? Well rather! Here's an instrument equally at home in Grand Opera or the "Blues"—indispensable, in fact, to both.

Which spells *opportunity!* The trombone is in demand everywhere there's music. You can learn it readily. Come in; we'll tell you more about the famous Conn trombone.

PREACHING—AND PRACTICE

Clearleld, Pa., Dec. 12, 1921

Editor Progress:

I have just read today's Progress editorial on the matter of patronizing the merchants of our town. I think our home people should be patronized but what about these same home merchants patronizing home dealers or manufactures. Tell them to practice what they preach ow many of these business men of ours buy their brooms from the Blind Broom maker of the West Sid If they would buy from him—and hi product is at least the equal of any thing on the market in that line—he would be able to give a man wor that needs it badly and thus hel another afflicted man and his fam ily.

I heard the "Blind Broommaker" at work this morning before daylight trying hard to make a living and keep up his home.

Let us all practice what we preach.

HUNTERS PLAN TO PROTECT PROPERTY

Harrisburg, Pa., Dec 15—(United Press)—Owners of hunting camps in the South Mountains are planning to organize a protective association to safeguard their properties, according to reports of the Department of Forestry. This action was decided upon as a result of the incendiary fires which destroyed two camps near Caledonia.

It is proposed to organize on lines similar to the horse protective associations that effectively stopped horse stealing in that territory years ago. Every outing club and private club owner in the mountainous sections of Adams, Cumberland and Franklin Counties will be invited to become associated with the movement.

WORLD SERIES CUT TO SEVEN GAMES

New York, Dec 15—Major League baseball owners in joint meeting, today, voted to re-establish the seven game series instead of the nine game schedule for World's Series.

American League owners were unanimous for the change while National League owners voted 7 to 1 against it. As each league voted as one, Commissioner Landis, who is authorized to cast the vote on a tie, voted for the seven game schedule.

Have You Tried Our Modern Family Washing Service?

Can't you hear him yet—the man who used to say, "Uh huh, baker's bread? Give me the home made kind!"

Today he smacks his lips over the purchased kind and calls for more. Because bakers have kept pace with progress we have come to hold a new view about bread baked outside the home.

And that old bogey about the family washing—isn't it pretty much in the same category? Have you ever tried our modern family laundry service?

You will find us prepared and qualified to take your entire family bundle. For example, if you like to be completely freed from the work of washday, we will wash everything and iron everything. Or if you wish to do some of the finishing at home, we can give you a semi-service—washing everything, starching such pieces as require it, and ironing the heavier flatwork but leaving for you the finishing of personal apparel and lighter pieces.

You will learn on inquiry that we have other services, too—whatever your washday requirements you will find us with a modern service to meet them.

Everything will be returned sweet with thorough and thorough cleanliness—to insure this we use as many as 600 gallons of pure, rainsoft water for each family washing.

Everything will be returned thoroughly sanitary,—as your family physician will verify, our methods sterilize as well as cleanse.

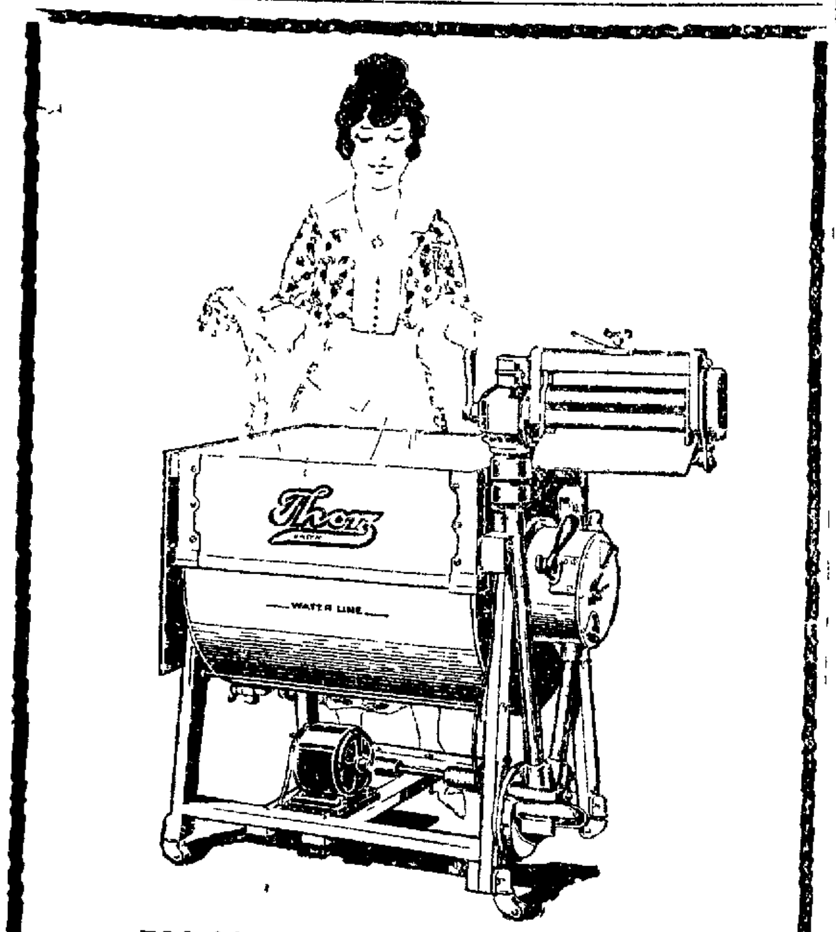

Everything will be returned correctly and daintily folded— our linen ready to spread, your personal apparel ready to wear.

Here is an economical way out of the wearing work of washday. Telephone today and have us take your next washing.

SUCCESSFUL CONCERT

A large and appreciative audience listened with delight to the splendid Concert given Thursday evening by the High School Glee Club.

The solo, duet and quartette numbers were exceptionally well rendered and the individuals appearing in these numbers did great credit to themselves.

Too much praise cannot be given the entire personnel of the Club for the splendid manner in which each anthem and carol was rendered.

AGONY OF ASTHMA

New Prescription Gives Instant Relief. Makes Breathing Easy

Thousands of people suffer from Bronchitis or Bronchial Asthma who having tried advertised remedies, inhalers, 'Patent smokes" douches, doctors, changes in climates, etc., without permanent benefit believe nothing can ever make them well.

Extensive experiments finally enabled a Worcester, Mass., physician to find a simple, harmless treatment that gave almost immediate relief in even the most stubborn advanced cases and great numbers of former Asthmatics have now used his treatment with wonderful success.

"The doctors' prescription is called Oxidaze and can be obtained from Blooms' Drug Store and leading drug stores everywhere, who sell it on a guarantee of money back on the first package if in any case it fails to give prompt relief."

Many users who for years have been obliged to sit up in bed gasping for breath and unable to sleep report that they now take a dose of Oxidaze when going to bed and then can lie down and breathe easily and naturally and get a good night's sleep.

Oxidaze is a safe treatment easy and pleasant to take and contains no harmful, habit forming drugs.

Really Time Wasted.

PROGRESS JOB WORK SATISFIES

$10,000 Worth of Cut Glass Going in this sale at Wholesale Prices.

And when we say wholesale prices we mean the prices that we would be getting from the jobber or the large retailer. It's the opportunity of many a year to buy plenty of this beautiful cut glass at these prices.

And, coming right at this time, when gift buying is at its height, we've no doubt that long ere the sale closes that some of the patterns will be fairly well closed out.

Every Piece Perfect. Not a Sale of "Seconds"

We explained in a former sale just why we were giving Clearfield people this opporunity to buy this Clearfield product at these prices. This is not a sale of seconds. Every piece has the true ring of perfect glass and our personal guarantee goes with every sale that the article is flawless.

CURWENSVILLE

Next week is Institute week and the teachers of our schools will all be in Clearfield under the direction of Supt. W. P. Trostle. As far as can be learned, each teacher expected to be present each session. Every teacher in the Curwensville schools has joined the Pennsylvania State Educational Association. This is an evidence of loyalty to higher education and puts Curwensville in the 100% class. This Association will hold its annual meeting in Altoona the week after institute and many of our teachers expect to attend.

After today school will not be in session again until Monday, January 2, 1922.

Parents are advised to attend to all doubtful cases of vaccination during the holiday vacation. There can be no more putting off. See Dr. Dr. Blair, the examining physician. The matter is entirely in his hands.

We are told there is an epidemic of mumps in Clearfield. Parents would do well to guard against bringing them from Clearfield to Curwensville. Children may contract them in stores, on the train, or on the street. The schools have suffered considerably from measles and whooping cough. Let us try to keep mumps out. Quarantines have been disregarded, cases have not been reported and children have been sent to school when they should be at home.

A number of school children report that Santa Claus has been seen on the hills. He has been calling on a nummber of the older folks to find out the records of the children. Some one said he drove past Greenwood Hunting Camp with twenty-eight reindeer hitched to eighteen sleighs—each piled high with big packages labelled Curwensville. This sounds sounded good. Now, boys and girls, for Christmas, "Be as good as you can be."

Mr. Dilivyn Wall is out of town on business

Ward Beck, of Lock Haven, was a business visitor to Curwensville this week.

Chas Patton arrived in Curwensville last evening. He will be the guest of Mr. and Mrs. C. S. Russel while in Curwensville.

Mrs. J. C Collins and Miss Josephine Thompson were visitors in Clearfield on Thursday.

The funeral of Ernest Ibberson, who died in Clearfield Hospital Monday night, was held from his father's home in Philipsburg Thursday afternoon at 2:30 with interment in Philipsburg cemetery. The services were conducted by Rev. Dr. Collins, of M. E. church in Curwensville, assisted by Rev. R. H. Oyler, of the Methodist church of Philipsburg. The pallbearers were Messrs Ralph Hess, Maurice Worthington, Chas F. Sweeney, Andrew Anderson, Harry Cassler, Harvey Smith, all members of the office force of Crescent Refractories, where Mr. Ibberson had been employed for several years.

The repair fever is still at w Mr. Joe Fullerton has just completed a new and attractive entrance to Jimmie's "Sweet Shop" which shop by the way has enlarged its quarters and spread out into the store room formerly occupied by Mr. Teats.

Our stores have taken on holiday attire and Christmas shoppers are busy. Only eight more days to attend to it. And don't forget to seal all your letters and gifts with a Red Cross Christmas stamp.

Mr. Webers' Sunday School class will hold a food sale in Jitney Waiting Room, Saturday, beginning at one p. m. Will sell sherbet by plate or quart. Proceeds for needy children at Christmas.

DANIEL JONES

The community was shocked Saturday last to learn of the sad and unexpected death of Daniel ones, an up right, life time and respectable colored resident. Death being due to leakage of the heart, while at work, Saturday, Dec. 10, 1921.

He had been ailing for a couple of years but always being able to be abort daily. He was a mason and butcher by trade, working at the latter when death over took him.

He was born at Hanover, Pa., March 27, 1850 and died Dec. 10 1921, being 71 years, 9 months and 13 days. He spent practically all his life here, his father moving here when he was quite young.

He was married to Miss Charlotte Call, in 1880, who preceded him to the grave 14 years ago. No children were born to this union.

He leaves to mourn his loss one brother, Owen Jones, of this place and two half sisters of Philadelphia and Lock Haven and one half brother of Williamsport. Interment in Oak Hill cemetery. Rev. Collins officiating. Fred Leavy, funeral director.

Mrs. Weber's Sunday School class will hold a food sale in Jitney Waiting room, Saturday, beginning at one P. M. Will sell Sherbit by plate or quart. Proceeds for needy children at Christmas. 12|16 1t pd

Why Seek to Shift Blame?

At a distant age ignorance and superstition led men to attribute to evil spirits their troubles and afflictions. Then they turned to the stars as the source of all their misfortunes; always has the same purpose of shifting personal responsibility. One of the wholesome lessons of life is contained in the fact that as reasonable as one may choose to regard it, that happiness, success, attainment and position come mainly as the result of individual character and effort.

A GIFT FOR HER HOME WILL CARRY MUCH DISTINCTION IF IT'S ODD AND ARTISTIC

It is really wonderful how far a few dollars will go toward buying something tastefully designed for the home and many women like nothing better for Christmas. Compotes, sweet meat jars, and candle sticks in blue, rose and topaz, come from the glass ware section and book ends, brass work and odd bits of pottery that lend a spot of color are among the many moderately priced things in the Artware Studio.
